

Miss. Tippawan O-phartkaruna

69-71, Soi Chan43 (Yak7), Chan Rd.,
Tungwatdon, Sathorn, Bangkok, 10120 Thailand

Tel: +66 813734663

E-mail: tippawan.oph@gmail.com

Born: 19/11/1982, Bangkok, Thailand

EDUCATION

- 2000-2003: Bachelor's degree in Physical Therapy (B.Sc.(Physical Therapy)),
Mahidol University, Thailand.
- 2004-2006: Master's degree in Physical Therapy (M.Sc.(Physical Therapy)),
Mahidol University, Thailand.
(Under scholarship from the Commission on Higher Education (Thailand))
- 2007-2013: Study in Ph.D program at the Faculty of Physical Therapy, Mahidol
University, Thailand.
(Under scholarship from the Commission on Higher Education (Thailand))
- 2013-Present Lecturer at the Faculty of Health Science, Srinakharinwirot University
Physical therapist at ProRehab clinic, specifically in neurological system

POSITION AND WORKING EXPERIENCE

- 2010-2012 Researcher assistance in Cognitive Motor Neuroscience Laboratory at
Department of Kinesiology, University of Maryland, USA.
- 2010 Poster presentation in the Society for Neuroscience, "Responses to visual
scene motion in individuals with bilateral vestibular loss during standing and
locomotion", USA.
- 2013 Poster presentation in International Society for Posture and Gait Research,
"Mechanism underlying protective stepping reactions: Effect of light touch
and age", Japan.

THESIS IN MASTER DEGREE

“Relationships among standing balance, gait velocity, and quality of life in hemiplegic individuals”

THESIS IN DOCTORAL DEGREE

“Mechanism underlying protective stepping reactions: Effect of light touch and age”

SPECIFIC KNOWLEDGE

Physical Therapy (In Neurological system)

RESEARCH INTEREST

Postural control in human, Sensory integration related in postural control and locomotion.
